General Information

[ArkMed.org](#)

There are two sides to the ArkMed.org website - *Public and Members*. The *Public* side is available for anyone to view and the *Members* side is password protected for AMS members and staff.

The ArkMed.org website has seen tremendous success since its implementation on Jan. 10, 2003. Since then, an average of 1,700 people visit the homepage of the AMS website each month.

Permanent and Rotating Ads

- Permanent banner ads are fixed on nearly every page of the website and are located just below the navigation menu on the left side of the page. These ads do not rotate and will be sold on a first come, first serve basis. Only three are available on the website.
- There are 40 rotating spaces available on both the Public and Member side of the website (for a total of 80 rotating banner ads available on the entire website). Each time a page is refreshed or a new page is visited, the rotating banner ad will change. For example, a purchase of ten rotating banner ads will mean that your ad is seen on average one of every four times a page is refreshed or a new page is visited.
