

CORONAVIRUS UPDATE

CDC

COVID-19 Update, 6/19

June 19, 2020 | [ARKMED.org/covid19](https://arkmed.org/covid19)

Status Update as of 6/19 from ADH Website:

[View the ADH COVID-19 Dashboard here.](#)

- Confirmed cumulative cases in Arkansas - 14,631
- Active cases - 4,705
- Recovered patients - 9,712
- New cases since 6/18 - 703
- Deaths - 214
- Patients in the hospital - 231
- Patients on ventilators - 57

Return to Work Guidance for COVID-19 Infected or Exposed Healthcare Personnel

ADH has issued updated guidance on the decisions regarding when healthcare personnel (HCP), who have potential exposure to patients with COVID-19 in the healthcare setting, may return to work. This would also apply to clinic staff exposures to an infected co-worker.

Provider Relief Fund Update

Last week, HHS launched an application [portal](#) to distribute \$15 billion in CARES Act Provider Relief Fund payments to eligible Medicaid and CHIP physicians and organizations. The payment will be at least 2 percent of reported gross revenue from patient care, and the final amount will be determined based on submitted data, including the number of Medicaid patients served. Eligible physicians and organizations have until July 20, 2020, to submit their application and report other necessary information, such as annual patient revenue data.

HHS is hosting two webcasts at 2 pm EST on Tuesday, June 23 and Thursday, June 25 for physicians and other health care professionals who

are interested in learning more about the application process. [Registration](#) is required.

Please find answers to two relevant questions posted in the FAQs on June 12, 2020.

Q: Why is there a new Provider Relief Fund Payment Portal?

A: Portal will initially be used for new submissions from Medicaid and Children’s Health Insurance Program (CHIP) providers seeking payments under the Provider Relief Fund starting Wednesday, June 10, 2020. At this time, this portal will serve as the point of entry for providers who have received Medicaid and CHIP payments in 2017, 2018, 2019 or 2020 and who have not already received any payments from the \$50 billion Provider Relief Fund General Distribution.

Q: What is the difference between the first Provider Relief Fund Payment Portal and the Enhanced Provider Relief Fund Payment Portal for the Medicaid Targeted Distribution?

A: The first Provider Relief Fund Payment Portal was used for providers who received a General Distribution payment prior to Friday, April 24th. These providers were required to submit financial information in order to receive approximately 2% of gross revenues derived from patient care.

HHS has developed the new Enhanced Provider Relief Fund Payment Portal for providers who did not receive payments under the previous General Distribution, including those providers who bill Medicaid and CHIP (e.g., pediatricians, long-term care, and behavioral health providers.)

Free N95 Decontamination Program

Earlier in May, the Arkansas Department of Health launched the Battelle Critical Care Decontamination System™ in Arkansas. This is a self-contained, mobile decontamination system that uses vapor phase hydrogen peroxide (VPHP) to decontaminate N95 respirator masks.
