- Patients in the hospital - 392
- Patients on ventilators - 79

ADH Update on Quarantine and Isolation Rules

The Arkansas Department of Health has released updated communication regarding the length and restrictions surrounding quarantine and isolation to help stop the spread of Covid-19.

- **Isolation** is for people who have been diagnosed with Covid-19. This means you must stay home and away from others while you are infectious.
- **Quarantine** is if you have been in close contact with Covid-19, usually within 6 feet for at least 15 minutes total. If you are a close contact, you still need to quarantine for 14 days even if you don't feel sick AND even if you have received a negative test.

PPE	**Telemedicine**	**Financial Resources**
View our updated information on personal protective equipment at **ARKMED.org/ppe** or visit **arkansasready.com/ppe** for Arkansas PPE vendors.	View the latest information from insurance carriers, HIPAA, and other sources on telemedicine during the COVID-19 crisis at **ARKMED.org/telemedicine**	We've compiled all of the financial resources that you may need for your clinic or practice during the COVID-19 crisis at **https://www.arkmed.org/financial-assistance-during-covid-19/**.
