

2025 ARKMED-PAC DONORS

A strong political action committee is necessary to Arkansas Medical Society advocacy efforts. ARKMED-PAC is non-partisan, and the board is made up of Arkansas physicians who are committed to utilizing your membership contribution effectively to help these candidates win so they can advocate for stronger, more physician-friendly policies. It exists to provide campaign contributions to physician-friendly candidates. The passage of the 2023 Prior Authorization Gold Card is just one example of the importance of campaign support. The lead sponsors were an AMS member-physician and a physician-spouse, both strongly supported by ARKMED-PAC in previous campaigns.

We appreciate the following ARKMED-PAC members for their donations made in 2025.
